

i AM A 60 yr old mother and I just finished watching Private Ryan, It really hit me what a war was all about and what our men over in Iraq are going thru, which I pray for every day and nite. I cannot believe you people, what is wrong with you...Private Ryan was a wonderful and tearing film, I missed my other programs to finish watching it....It is not like the awful Janet Jackson at the Super Bowl...I watched that too, she reminds me of Howard Stern, which should never have been on TV....I watch his show a total of 10minutes on nite, THAT IS WHAT YOU SHOULD HAVE BANNED...AND Janet Jackson is a prevert, that is expected of her...PRIVATE RYAN SHOULD BE SHOWN AGAIN, AND AGAIN.....Children hear worse in School....I know I had Three Boys in Public Schools... You people mush not put this movie in the same catagory with Howard stern and Janet Jackson.....There is no comparison..... Sincerely Diane W. Forkner
No wonder it had so many oscars.....
